GUIDE TO ROYAL ACADEMY OF DANCE EXAMINATION MARKING SCHEME

Dear Parents and Candidates

This guide has been prepared to provide you with information about the Royal Academy of Dance Examination marking system. It is designed to help you understand how the Examiners approach their task of assessing the quality of all those taking RAD examinations.

Firstly you should read the Assessment Criteria which indicate the areas in which candidates are being marked and rewarded for their achievement and progress at each examination. Then the mark allocation table, which shows how the marks, based on the assessment criteria, are allocated to specific areas. Finally the marking guidance table will show you the precise way in which marks are awarded.

We have tried to make this guide as clear as possible but if you need any help in understanding the information or any of the technical language please contact your teacher, who will be very willing to help.

As you will see from the information in this guide the RAD takes its examining role very seriously and our sole concern is the encouragement and success of the students who take our examinations.

If you are a candidate, good luck in your examinations. If you are a parent, congratulations on encouraging your child in their love of dance

ASSESSMENT CRITERIA FOR VOCATIONAL GRADED EXAMINATIONS:

ADVANCED 1 - MALE

Classical Ballet consists of three interrelated areas - Technique, Music and Performance - which are reflected throughout the Assessment Criteria.

Each area includes a number of elements, which are also interrelated, and some of which are added as the examinations increase in complexity, thus making further demands on the students at each stage of their learning.

In the examination, candidates will be assessed on their ability to:

- 1 perform a series of prepared Classical Ballet exercises and enchaînements which require the ability to demonstrate secure posture, correct weight placement, co-ordination of the whole body, control, line, spatial awareness, dynamic values and the use of varied levels of elevation, with exuberance, agility and use of space;
- 2 dance, throughout the examination, in time to the music and show responsiveness to the music;
- 3 dance, throughout the examination, with expression, interpretation, communication and projection;
- 4 perform unprepared enchaînements in accordance with the examiner's instructions, demonstrating all the above aspects of Technique, Music and Performance;
